GitHub | LinkedIn | Portfolio

SUMMARY

Full Stack Developer with 1+ year of experience building scalable Angular and .NET Web API applications, including systems supporting 1,000+ daily user interactions. Skilled in designing real-time architectures, optimizing REST API performance (improved response time by 20%), and implementing secure authentication systems.

SKILLS

Frontend : Angular, Next.js, TypeScript, HTML/CSS
Backend : .NET Web API, C#
Databases : MySQL, SSMS
Tools & Platforms : Git, Azure, Supabase
AI Tools : ChatGPT, Openclaw

EXPERIENCE

Yashraj Software Pvt Ltd July 2026 – Present
Full Stack Developer Jaipur, Rajasthan, India

- Delivering **end-to-end full stack solutions** using Angular and .NET Web API as part of an **Implementation of New Technology** initiative
- Own the **complete development lifecycle** across frontend, backend, database, and **cloud infrastructure** – from architecture to deployment
- Design and deploy **cloud-hosted services**, ensuring scalable, production-ready application delivery

Pizone Infotech March 2025 – July 2026
Software Developer India

- **Engineered 5+ Angular frontend modules** integrated with .NET Web APIs, supporting **1,000+ daily user interactions**
- Developed and optimized **10+ RESTful APIs**, **improving response time by 20%** through efficient query handling
- Diagnosed and resolved **15+ production issues**, **reducing downtime by 30%** and improving system stability
- Collaborated with a cross-functional team of 4–6 developers, **improving delivery timelines by 25%**

PROJECTS

Engram – Visual Knowledge & File Management System | *Angular, .NET Core, Supabase* Live Demo

- Architected an **infinite-canvas file system** with draggable Nodes and relational CanvasEdges across **13+ REST API controllers**, replacing rigid folder trees with a spatial knowledge graph
- Integrated **Supabase Auth**, Google Drive OAuth, and **Stripe** payments; designed a responsive dark UI with inline file preview and ZIP import/export

Flex Schema – Enterprise Resource Management System | *Angular, .NET Core, SQL*

- Built and integrated **50+ RESTful APIs** using **Angular** and **.NET Core Web API** for hospital and organizational management systems
- Wrote and optimized **thousands of SQL queries** to repair corrupted data; implemented middleware and validation for secure, production-grade APIs

EDUCATION

Maharaja Ganga Singh University March 2025 – Present
Master of Computer Science (M.Sc.) Bikaner, Rajasthan, India

Maharaja Ganga Singh University March 2022 – March 2025
Bachelor of Computer Applications (BCA) Bikaner, Rajasthan, India
